

# JellyFish

S I M P L E   B I O L O G Y

<b>JELLYFISH</b> .....	<b>3</b>
Introduction .....	3
Table 1 .....	4
Table 2 .....	4
Table 3 .....	4
<b>JELLYFISH NAMES</b> .....	<b>5</b>
Appearance .....	5
Scyphozoans .....	5
Bell .....	5
Tentacles .....	5
Chirodropids .....	6
Bell .....	6
Tentacles .....	6
Carybdeids .....	7
Bell .....	7
Tentacles .....	7
Hydrozoans - Physalia .....	7
Float .....	7
<b>CHIRONEX FLECKERI</b> .....	<b>8</b>
Appearance .....	8
Bell .....	8
Tentacles .....	8
Ecology .....	9
Distribution .....	9
Chironex fleckeri .....	9
Chiropsalmus quadrigatus .....	9
Other chirodropids .....	9
Initial envenomation .....	10
Further effects .....	10
<b>CARUKIA BARNESI AND THE 'IRUKANDJI SYNDROME</b> .....	<b>11</b>
The Irukandji (Carukia barnesi) - Ecology .....	11
Initial envenomation .....	11
Irukandji syndrome .....	11
<b>PHYSALIA SPECIES</b> .....	<b>14</b>
Physalia utriculus .....	14
Appearance .....	14
Float .....	14
Tentacles .....	14
Nematocysts .....	14
Ecology .....	15
Distribution .....	15
Initial envenomation .....	15
<b>TABLES</b> .....	<b>16</b>
Table 1 - Chironex stings 1985/97 .....	16
Table 2 - Body areas stung - Chironex stings .....	17
Table 3 - Irukandji stings 1985/97 .....	18
Table 4 - Body area stung - Irukandji stings .....	19
Table 5 - Tamoya stings 1985-1997 .....	20
